## WINTERTHUR BLOOM REPORT #22

May 31, 2023

77 F, Sunny

+: Abundant  
fbb: Flower-bud breaking  
b: Some bloom  
fb: Full Bloom  
pf: Petals falling/drying  
pb: Past bloom (few remain)  
ber: Berries, fruits

Check these out:

- ✓ **Lovely Lilies:** This week the martagon lilies (*Lilium martagon*) are at their peak in Azalea Woods, Enchanted Woods, and, lesser numbers, in other areas of the garden. Catch them now. Their bloom is brief but beautiful.
- ✓ **Sycamore Hill Roses:** The roses are in full bloom this week: pink damask rose hybrid (*Rosa* 'Pink Leda') at the Bristol Folly, white Meidiland rose (*Rosa* MEIvahn) at the Brick Overlook Folly, and along the fence, palest pink 'New Dawn' rose (*Rosa* 'New Dawn', red large flowered climber rose (*Rosa* 'Bess Lovett') and bright red Winner's Circle rose (*Rosa* 'Radwin').
- ✓ **Bright Colors:** On Sycamore Hill find the bright reds of *Weigelia* 'Red Prince' & 'Edith Rathke' (she's also showing off near the princess tree (*Paulownia tomentosa*) along Garden Lane). In the Quarry there are orange and purple candelabra primroses (*Primula* species) in full bloom along with a red mountain laurel variety (*Kalmia* 'Pink Cherry').
- ✓ **Everywhere:** But, listed only here:
  - The yellow, green & orange flowers of tulip poplars (*Liriodendron tulipifera*) can be seen on the trees & also on the ground. Look up or down to see them.
  - The tiny white-to-pale-pink daisies of fleabane (*Erigeron annuus*) are blooming throughout the Estate.
  - The purple, lavender, and white flowers of Dame's rocket (*Hesperis matronalis*) are present in lesser or greater abundance in the gardens and fields.
  - White clover (*Trifolium repens*) in the fields and lawns is providing nectar and pollen for the pollinators and nitrogen for the soil.
